Risk Profile of the Scheme	Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment.
	Standard Risk Factors of this Scheme are stated below:
	 Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
	 As the price / value / interest rates of the securities in which the scheme invests fluctuates, the value of your investment in the scheme may go up or down. The value of investments may be affected, inter-alia, by changes in the market, interest rates, changes in credit rating, trading volumes, settlement periods and transfer procedures; the NAV is also exposed to Price/Interest-Rate Risk and Credit Risk and may be affected inter-alia, by government policy, volatility and liquidity in the money markets and pressure on the exchange rate of the rupee.
	 Past performance of the Sponsor and their associates / AMC / Mutual Fund does not guarantee future performance of the Scheme of the Mutual Fund.
	 Parag Parikh Dynamic Asset Allocation Fund is only the name of the Scheme and the name of the Scheme does not in any manner indicate either the quality of the Scheme or its future prospects and returns.
	• The Sponsor is not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of Rs. 1 lakh made by them towards setting up the Fund.
	• The present scheme is not a guaranteed or assured return scheme.
	For Scheme specific risk factors, investors are advised to refer to Page 11 of SID.
Investment Strategy	The primary objective of the scheme is to generate income through investments in fixed income securities and using arbitrage and other derivative Strategies. The Scheme also intends to generate long-term capital appreciation by investing a portion of the Scheme's assets in equity and equity related instruments. The key value proposition of the Scheme is to provide an asset allocation overlay to investors.
	Investment Strategy for Equity Investments
	The scheme aims to provide long term capital growth by investing in a well-diversified portfolio of equity and equity related securities. The fund manager proposes to concentrate on business and economic fundamentals driven by in-depth research techniques and employing the full potential of the research team at the AMC. The stock selection process proposed to be adopted is generally a bottom-up approach seeking to identify companies with long term sustainable competitive advantage (as this is one of the key factors responsible for withstanding competitive pressures and does not allow rivals to eat up any excess profits earned by a successful business). In a scenario where Equity markets are attractive, the Scheme would exploit such opportunities with increased equity participation. In a scenario where equity markets are expensive, the Scheme would reduce the equity participation and actively use arbitrage and cash to hedge the portfolio and generate low volatility returns.
	Investment Strategy for Debt Investments
	The Scheme will retain the flexibility to invest in the entire range of debt securities (including securitised debt) and money market instruments. Investment in Debt securities and Money Market Instruments will be as per the limits in the asset allocation table of the Scheme, subject to permissible limits laid under SEBI (MF) Regulations. Investment in debt securities will be guided by credit quality, liquidity, interest rates and their outlook. The fund manager will seek to play out the yield curve and exploit anomalies if any in portfolio construction after analysing the macro-

economic environment including future course of system liquidity, interest rates and inflation along with other considerations in the economy and markets. The investment team of the AMC will, as a mitigation and risk control procedure, carry out rigorous credit evaluation of the issuer company proposed to be invested in. The credit evaluation will analyse the operating environment of the issuer, business model, management, governance practices, quality of the financials, the past track record as well as the future prospects of the issuer and the financial health of the issuer.

Investment Strategy for Arbitrage Opportunities

The market provides opportunities to the investor to derive returns from the implied cost of carry between the underlying cash market and the derivatives market. This provides opportunities to generate returns that are possibly higher than short term interest rates with minimal active price risk on equities. Implied cost of carry and spreads across the spot, futures and options markets can potentially lead to profitable arbitrage opportunities. The Scheme would carry out arbitrage strategies, which would entail taking offsetting positions in the various markets simultaneously. The arbitrage strategy can also be on account of buy-back of shares announced by a company and/or differences in prices between two exchanges/markets. In this case the arbitrage strategy will not include an offsetting derivatives transaction. The Investment Manager will use a disciplined quantitative analysis while accessing arbitrage opportunities. The Investment Manager will have an effective risk monitoring and control process to ensure adherence to regulatory guidelines and limits. As arbitrage opportunities are dependent on ensuing market conditions, there will be a part of the portfolio, which will be invested in debt securities and money market securities. This component of the portfolio will provide the necessary liquidity to meet redemption needs and other liquidity requirements of the Scheme. The arbitrage strategies the Fund may adopt could be as under. The list is not exhaustive and the Fund could use similar strategies and any other strategies as available in the markets.

a) Index/ Stock spot - Index/ Stock Futures: This strategy is employed when the price of the future is trading at a premium to the price of its underlying in spot market. The Scheme shall buy the stock in spot market and endeavor to simultaneously sell the future at a premium on a quantity neutral basis. Buying the stock in spot market and selling the futures results into a hedge where the Scheme has locked in a spread and is not affected by the price movement of cash market and futures market. The arbitrage position can be continued till expiry of the future contracts. The future contracts are settled based on the last half an hour's weighted average trade of the spot market. Thus, there is a convergence between the spot price and the futures market on expiry. This convergence helps the Scheme to generate the arbitrage return locked in earlier. On or before the date of expiry, if the price differential between the spot and futures position of the subsequent month maturity still remains attractive, the scheme may rollover the futures position and hold onto the position in the spot market. In case such an opportunity is not available, the scheme would liquidate the spot position and settle the futures position simultaneously. Rolling over of the futures transaction means unwinding the short position in the futures of the current month and simultaneously shorting futures of the subsequent month maturity and holding onto the spot position.

b) Index Arbitrage: The S&P CNX Nifty derives its value from fifty constituent stocks; the constituent stocks (in their respective weights) can be used to create a synthetic index matching the Nifty Index. Also, theoretically, the fair value of a future is equal to the spot price plus the cost of carry. Theoretically, therefore, the pricing of Nifty Index futures should be equal to the pricing of the synthetic index created by futures on the underlying stocks. Due to market imperfections, the index futures may not exactly correspond to the synthetic index futures. The Nifty Index futures normally trades at a discount to the synthetic Index due to large volumes of stock hedging being done using the Nifty Index futures giving rise to arbitrage opportunities. One instance in which an index arbitrage opportunity exists is when Index future is trading at a discount to the index (spot) and the futures of the constituent stocks are trading at a cumulative premium. The investment manager shall endeavour to capture such arbitrage opportunities by taking long positions in the Nifty Index futures and short positions in the synthetic index (constituent stock futures). Based on the opportunity, the reverse position can also be initiated.

c) Corporate Action / Event Driven Strategies: 1) IDCW Arbitrage At the time of declaration of IDCW, the stock futures / options market can provide a profitable opportunity. Generally, the stock prices decline by the IDCW amount when the stock becomes ex-IDCW. 2) Buy-Back/ Open Offer Arbitrage. When the Company announces the buy-back or open offer of its own shares, there could be opportunities due to price differential in buyback price and traded price. 3)

I) Mode of Payment of Redemption / IDCW proceeds via Direct Credit/ NEFT / ECS

Direct Credit

The AMC has entered into arrangements with banks to facilitate direct credit of redemption / IDCW proceeds (if any) into the bank account of the respective Unit holders maintained with any of these banks. The list of banks is subject to change from time to time.

National Electronic Funds Transfer (NEFT)

The AMC provides the facility of National Electronic Funds Transfer (NEFT)' offered by Reserve Bank of India (RBI), which aims to provide credit of redemption / IDCW payouts directly into the bank account of the Unit holder maintained with the banks (participating in the NEFT System). Unit holders can check the list of banks participating in the NEFT System from the RBI website i.e. www.rbi.org.in or contact any of our Investor Service Centres.

However, in the event of the name of Unit holder's bank not appearing in the 'List of Banks participating in NEFT' updated on RBI website www.rbi.org.in, from time to time, the instructions of the Unit holder for remittance of redemption /IDCW proceeds via NEFT system will be discontinued by PPFAS Mutual Fund/ PPFAS Asset Management Private Limited without prior notice to the Unit holder and the payouts of redemption / IDCW proceeds shall be effected by sending the Unit holder(s) a cheque/demand draft.

• Electronic Clearing Service (ECS)

The Investors will receive their redemption / IDCW proceeds directly into their bank accounts in the following order:

- In case the bank account of an investor is covered under Direct Credit facility then the payment of redemption / IDCW proceeds will happen via direct credit payout mode only.
- (II) In case the bank account of an investor is not covered under Direct Credit facility but covered under NEFT system offered by the RBI then the payment of redemption / IDCW proceeds shall be effected via NEFT mechanism only.

Each of the above facilities aims to provide direct credit of the redemption / IDCW proceeds into the bank account (as furnished in point 10 of the Application Form) of the Unit holder and eliminates the time lag between dispatch of the cheque, its receipt by the Unit holders and the need to personally bank the instrument and await subsequent credit to the Unit holders account. Further, the potential risk of loss of instruments in transit through courier/ post is also eliminated. Each of the said facility as a mode of payment, is faster, safer and reliable.

In case the bank account as communicated by the Unit holder is with any of the said banks with whom the AMC has entered into arrangements to facilitate such direct credits or with any of the banks participating in the NEFT System offered by RBI, the AMC shall automatically extend this facility to the Unit holders.

PPFAS Asset Management Private Limited/PPFAS Mutual Fund shall not be held liable for any losses/ claims, etc. arising on account of processing the direct credit or credit via NEFT/ ECS of redemption proceeds on the basis of Bank Account details as provided by the unit holder in the Application Form.

N. Prevention of Money Laundering

Prevention of Money Laundering Act, the SEBI Circulars on Anti Money Laundering and the Client Identification implementation procedures prescribed by AMFI interdia require the AMC to verify the records of identity and address(es) of investors. To ensure adherence to these requirements, investors are required to approach Points of Service (POS) (list of POS available on www.amfiindia.com) appointed by any of the KYC Registration Agency and submit documents for completion of appropriate KYC checks. The details for KYC compliance can also be downloaded from AMFI website, www.amfiindia.com or website of the mutual fund, www.amc.ppfas.com. The Mutual Fund website also prescribes the list of documents that can be submitted by investors to the POS to get their KYC checks completed.

It is mandatory for all investors (including joint holders, NRIs, POA holders and guardians in the case of minors) to furnish such documents and information as may be required to comply with the Know Your Customers (KYC) policies under the AML Laws. Applications without such documents and information may be rejected. In terms of SEBI circulars dated April 27, 2007 and June 30, 2008 read with SEBI letter dated June 25, 2007, Permanent Account Number (PAN) would be the sole identification number for all participants transacting in the securities market, irrespective of the amount of transaction, except (q) investors residing in the state of Sikkim; (b) Central Government, State Government, and the officials appointed by the courts e.g. Official liquidator, Court receiver etc. (under the category of Government) and (c) investors participating only in micro-pension. SEBI, in its subsequent letters dated June 19, 2009 and July 24, 2012 has conveyed that systematic investment plans (SIP) and lumpsum investments (both put together) per mutual fund up to Rs.50,00/- per year per investor shall be exempted from the requirement of PAN. Accordingly, investments in PPFAS Mutual Fund (including SIP investment where the aggregate of SIP installments in a rolling 12 months period or in a financial year i.e April to March) of upto Rs 50,000/- per investor per year shall be exempt from the requirement of PAN. However, eligible Investors (including joint holders) should comply with the KYC requirement through registered KRA by submitting Photo Identification documents as proof of identification and the Proof of Address (self-attested by the investor / attested by the ARN Holder/ AMFI distributor). These exempted investors will have to quote the "PERN (PAN exempt KYC Ref No) in the application form. This exemption of PAN will be applicable only to investments by individuals [including NRIs but not PIOs), joint holders, Minors and Sole proprietary firms. PIOs, HUFs and other categories of investors will not be eligible for this exemption.

Thus, submission of PAN is mandatory for all other investors existing as well as prospective investors (except the ones mentioned above) (including all joint applicants/holders, guardians in case of minors, POA holders and NRIs but except for the categories mentioned above) for investing with mutual funds from this date. Investors are required to register their PAN with the Mutual Fund by providing the PAN card copy (along with the original for verification which will be returned across the counter). All investments without PAN (for all holders, including Guardians and POA holders) are liable to be rejected. Application Forms without quoting of PERN shall be considered incomplete and are liable to be rejected without any reference to the investors. The procedure implemented by the AMC and the decisions taken by the AMC in this regard shall be deemed final.

After completion of KYC compliance, investors need to approach KRA for Change of Address and not Registrar (CAMS). In respect of KYC compliant Folio, prospective Change of Address received along with transaction slip will not be processed by Registrar (CAMS). The AMC reserves the right to reject subscription requests in the absence of appropriate compliance with the AML Laws. In line SEBI circular No. MRSD/cir/2/012 dated April 13, 2012 and various other guidelines issued by SEBI on the procedural matters for KYC Compliances, the following additional provisions are applicable effective December 1, 2012

- 1) In case of an existing investor who is already KYC Compliant under the erstwhile centralized KYC with CAMSKRA or CVL (CVL/MF) then there will be no effect on subsequent Purchase/ Additional Purchase (or ongoing SIPs/STPs, etc) in the existing folios/accounts which are KYC compliant. This uniform KYC submission would a onetime submission of documentation
- Investors who have complied with KYC process before December 31, 2011 (KYC status with CVL-KRA as "MF VERIFIED BY CVLMF") and not invested in the schemes of PPFAS Mutual Fund i.e. not opened a folio earlier, and wishes to invest on or after December 01, 2012, such investors will be required to submit 'missing/not available' KYC information and complete the IPV requirements.
- 4) In case of Non Individual investors, complied with KYC process before December 31, 2011, KYC needs to be done afresh due to significant and major changes in KYC roquiromonts

However, they are exempt from the requirement of providing PAN as a proof of identification.
- O. EMPLOYEE UNIQUE IDENTIFICATION NUMBER (EUIN): Pursuant to SEBI guidelines, investor(s) have the provision in the application form to specify the unique identity number ("EUIN") of the employee/relationship manager/sales person ("RM") of the distributor interacting with the investor(s) for the sale of mutual fund products, along with the AMFI Registration Number ("ARN") of the mutual fund distributor. AMFI has allotted EUIN to all the RM's of AMFI registered mutual fund distributors. Investors are required to specify the valid ARN of the distributor (including sub-broker where applicable), and the valid EUIN of the distributor's/sub-broker's RM in the application form in the place provided for it. This will assist in handling the complaints of mis-selling, if any, even if the RM on whose advice the transaction was executed leaves the employment of the distributor.
